## ROCK BOTTOM PRICES

We have made the price of seeds as low as possible and still maintain that high standard of quality so necessary to the success of both Market Gardeners and Florists.

## FREE DELIVERY OF SEEDS

We pay for the delivery of all Flower and Vegetable Seeds except *Peas, Beans, Corn* and *Spinach, Bulbs* and *Fertilizers, Insecticides* and *Sprayers*.

## TESTED FOR GERMINATION

A famous State Experiment Station tests our vegetable seeds for germination and the result of this test appears on every package of seed we send out.

## PROVEN SEED

Many of our seed stocks of such kinds as Celery, Lettuce, Cauliflower, Cabbage, etc., are tried out by growers the year previous to our offering them for sale, that we may know the results they produce. This is what we call "proven seed." It is a test for purity of strain.

## 10% DISCOUNT

FOR CASH WITH ORDER OR IF  
SEEDS ARE SENT TO YOU C. O. D.

One quarter of the total amount of the order should be sent with all orders to go C. O. D. The balance will be collected by who ever delivers the seed to you. Railroad, Express Co. or Post Office.

## NON-WARRANTY

Hart & Vick, Inc., give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds (bulbs or plants) we sell, and will not be responsible for the crop.

## Beets

**CROSBY'S EGYPTIAN.** We believe our strain of this beet equal to any offered. It is priced reasonably.  $\frac{1}{4}$  lb, 40c.; lb, \$1.25; 5 lbs or more at \$1.20 per lb.

**DETROIT DARK RED.** In the vegetable trials by the N. Y. State College of Agriculture last season, again this strain of Detroit was outstanding for its uniformity in shape, clear blood red color and splendid texture of its flesh.  $\frac{1}{4}$  lb, 40c.; lb, \$1.25; 5 lbs or more at \$1.20 per lb.

**EARLY WONDER. SPECIAL STRAIN.**  $\frac{1}{4}$  lb, 40c.; lb, \$1.25; 5 lbs or more at \$1.20 per lb.

Dust your beet seed with Cuprocide (Red Copper Oxide). It will increase germination and make a much stronger plant. 4 oz. to 10 lbs of seed. Cuprocide 80c. a lb; 5 lbs for \$3.50.

## Cauliflower

**Early Snowball**—The seed of this strain of Snowball Cauliflower is grown for us by a man known to many as one of the most expert and reliable Cauliflower seed growers in Europe. We have reason to believe from the reports brought to us by Cauliflower growers who use this seed year after year that it is far above the average Early Snowball seed offered. It matures early and evenly. The pure white heads are remarkable for their great depth and unexcelled white color and do not become “soft” or “ricy” and you will not find any with green leaves in them.

**Early Fortune**—A greatly improved White Spine, early and very productive, with rich dark green fruit, 8 to 9 inches long, very uniform in shape and one that holds its color when shipped better than any other outside grown cucumber we know of. Large cucumber growers, who have tried our Early Fortune, say it's the best on the market. ¼ lb, 60c.; lb, \$2.00; 5 lbs or more at \$1.90 per lb.

**Longfellow**—An excellent long, slender, dark green kind desirable as a "straight pack" variety for shipping or as a garden cucumber. ¼ lb, 75c.; lb, \$2.75; 5 lbs or more at \$2.65 per lb.

**NATIONAL PICKLING.** An immense bearer of straight, blunt ended, bright deep green cucumbers. Pick them as soon as they get the right size for your trade and the vines will bear most abundantly. ¼ lb, 70c.; lb, \$2.50; 5 lbs or more at \$2.40 per lb.

### THE BEST HOTHOUSE CUCUMBER

The value of our "Deltus" cucumber has been proven by growers all over the country. We believe it the finest cuke for forcing ever introduced. The fruit is long, uniform diameter its entire length, ends are very blunt, cutting down the waste in slicing; skin smooth, rich dark green; flesh solid, crisp and tender. Greenhouse grown and selected seed. About 1000 seeds to an ounce. ¼ Oz., 80c.; ½ Oz., \$1.50; Oz., \$2.75; ¼ lb, \$10.00

## Onion Seed

**Early Yellow Globe**—Very early, large, globe-shaped onions with bright yellow skin and mild, juicy, pure white flesh. A good keeper. Oz., 35c.; ¼ lb, \$1.10; lb, \$4.00; 5 lbs or more \$3.90 per lb.

**Danver's Yellow Globe**—The stocks we offer are reselected, plump, heavy seed that will make a strong plant and a solid bulb. From the results growers are getting from this Reselected Danver's Yellow Globe we believe it cannot be beaten for quality. Oz., 30c.; ¼ lb, 90c.; lb, \$3.25; 5 lbs or more \$3.15 per lb.

**Mountain Danver's**—Our special strain of seed of this early Yellow Globe is grown for us in the mountains of Colorado. It matures two weeks earlier than Yellow Globe Danver's, is of true globe shape, deep yellow skin and very firm. It is a remarkable keeper and can be stored all winter. Onion growers who have had this Special Strain of Mountain Danver's like it very much. We offer new crop, plump, heavy seed. Oz., 25c.; ¼ lb, 80c.; lb, \$3.00; 5 lbs or more at \$2.90 per lb.

**Mountain Sweet Spanish**—This strain of Sweet Spanish onion is very similar to the Riverside in appearance but is slightly earlier and a much better keeper. Mountain Sweet Spanish is a very large onion, running about 4 inches in diameter, very heavy, true globe shaped, with a light golden colored skin and pure white flesh of mild, sweet flavor. Oz., 30c.; ¼ lb, 85c.; lb, \$3.15; 5 lbs or more at \$3.00 per lb.

## **RUST-PROOF SNAPDRAGONS**

Experts at the U. of C. Experiment Station have again added to their laurels by bringing out this strain of Snapdragons which overcomes the tendency to damage by the "rust." Our University of California Mixture has a high percentage of light colors which are most popular—rose-pink, salmon-pink, canary-yellow, white, orange and red. Tr. Pkg. 50c;  $\frac{1}{16}$  oz. \$1.25.

## **ORANGE FLARE COSMOS**

Without doubt the finest Cosmos thus far presented to the gardeners of the world, receiving the first prize Gold Medal in the All-America Seed Selections for 1935. Plants come into bloom in ten to twelve weeks after the seed is sown, and are a mass of flaming golden yellow when in full flower. The stems are long and wiry, which makes Orange Flare extremely useful in many kinds of floral work. Tr. Pkg. 35c;  $\frac{1}{2}$  oz. 65c; Oz. \$2.25.

## **YELLOW SUPREME MARIGOLD**

Winner of Gold Medal, 1935 All-America Selections. Flowers full double, creamy lemon-yellow, a little larger than those of Guinea Gold. Plants 2 to 3 feet tall, without the usual odor, and are free blooming. A splendid companion for Guinea Gold. Tr. Pkg. 35c;  $\frac{1}{4}$  Oz. 60c; Oz. \$2.00.

## **PERIWINKLE PETUNIA**

Large, five-pointed flowers, resembling the perennial vinca. A desirable addition to the Petunias, as the color is a lovely pastel blue, an unusual color in these plants. Tr. Pkg. 75c;  $\frac{1}{4}$  Oz. \$2.25.

## **FANTASY ZINNIA**

A strictly new variety presented for the first time. Received an Award of Merit in the 1935 All-America Selections. The flowers are of medium size, double, with fluffy, shaggy petals. They do not have the formal appearance of many of the older varieties and are admirable in floral arrangements. We offer a color mixture of red, orange, pink, cream and lighter tones. Tr. Pkg. 35c;  $\frac{1}{4}$  oz. 65c; Oz. \$2.25.

## **LOBELIA—CAMBRIDGE BLUE**

A new variety of Lobelia with light blue flowers, which seems to come into bloom a little earlier than other varieties. It makes a splendid low-growing plant for edgings, borders, and rock-gardens. Tr. Pkg. 75c.

## **SUPER-GIANT LOS ANGELES ASTER**

Presented for the first time last year, Los Angeles Aster sprang at once into popular favor. The flowers are truly "Giant," 6 to 8 inches across, with long, wavy, interlacing petals. The color is a pure shell-pink, the daintiest color found in the Aster family. The blooms are carried on long, strong stems, a point that makes Los Angeles desirable for both cutting and the garden. Tr. Pkg. 45c;  $\frac{1}{4}$  Oz. \$1.50; Oz. \$4.00.

## **GUINEA GOLD MARIGOLD**

Winner of Gold Medal in the 1933 All-America Selections. Another season has brought added honors and increased popularity to Guinea Gold. Its glory has not been dimmed, nor has it been overshadowed by any other novelty. The plants become huge bouquets of double and semi-double golden yellow flowers, which may be cut to mid-November. Tr. Pkg. 25c; Oz. \$1.00.

## Wilt-Resistant Aster Seed

We recommend all Aster growers, whether they have been bothered with disease or not, to use "wilt-resistant" seed where ever possible. We feel sure that by sowing "wilt-resistant" seed many disappointments due to Aster crop failures will be eliminated. This year we offer "wilt-resistant" seed of thirty-six kinds. More will be ready next season. No grower, that we know of, would think of using ordinary Aster seed, after once having used "Wilt-Resistant."

## Salmongold Aster

A new and distinct type growing about 2½ feet tall and bearing quantities of medium sized, very double flowers of a pleasing shade of salmon-pink. When cut, the flowers remain fresh for an unusually long time. Tr. Pkg., 25c.; ⅛ Oz., 75c.

# NEW SUPER GIANT LOS ANGELES ASTER

The first of a new race of early giant flowering, long petaled Asters. The flowers are larger than any others but very artistic due to the unusual curling and interlacing of the petals that gives a light feathery effect. The color of the flower is pure shell pink. The stems very long but strong. No disbudding is necessary, due to the non-lateral habit of the plant. Tr. Pkg., 45c.;  $\frac{1}{4}$  Oz., \$1.50; Oz., \$4.00.

## Single Giants of California

These single flowering Asters in their many splendid bright colors offer a pleasing change from the more common double kinds. Very fine in the garden and for cut flowers. We offer them in a mixture of all colors. Tr. Pkg., 25c.; Oz., \$1.45.
